Saving Kittens' Lives Workshop

An inspiring and informative lecture for the foster parents of Nevada SPCA kittens. This workshop provides a thorough overview of issues pertaining to the care and protection of neonatal and orphaned kittens. The lecture begins with foundational concepts, helping shine a light on the need for more foster parents, and then focuses intently on providing the foster parents with the tools you need in order to save kittens' lives. Seasoned caregivers and newcomers alike will benefit from discussions about not only kitten care, but also self-care, compassion fatigue, and sustainability.
